

## SKINCARE

### FACIALS

In the best interests of your skin, your treatment will be customized to fit your individual skin type. The most beneficial anti-aging treatment will be recommended. Facials include a complete skin analysis, some sort of peel (glycolic, salicylic, TCA, biolytic, microderm, or fruit peel), extractions, mask, massage, reflexology, and most important homecare.

45min - 1hr 30min (varies) \$120-230

### Microdermabrasion

A resurfacing procedure to polish and buff one's skin.

Microdermabrasion also stimulates your collagen and helps to lessen skin pigment. This treatment includes the face, neck, and chest. You will also receive some sort of peel, extractions, and a revitalizing mask.

1 hr 15 min - \$160

### Back Treatment

A facial especially for the back. May include chemical peel or microdermabrasion.

1 hr - \$150

### Body Facial

A renewing body treatment to smooth and brighten the texture and appearance of the skin.

1 hr 20 min - \$145-200

### **TCA Peels**

TCA (Tri-Chloric Acid) is a peel in which causes structural changes in the skin, resulting in new rejuvenated skin. A reduction in fine lines, wrinkles, and a lightening of pigmentation will be seen. Your skin will feel renewed and lifted. A series of 3 peels is needed for the optimum results. The series is scheduled for 1 TCA peel a month.

1 hr \$200

### **Teen Clean**

(for Ages 12 - 19)

Teaching your teenager proper skin care is essential. This treatment includes a personal skin consultation followed by a cleansing, softening steam, deep cleaning of the pores, extractions, and finishing with a healing mask. In addition to improving your teen's awareness about their skin, you may also notice a boost in their self-esteem!

1 hr 15 min

First time - \$85

Follow Up visits every 4-6wks - \$65

### **Express Facial**

A quick treatment designed to cleanse, exfoliate, soothe, soften and refresh your skin when you don't have time for a full session facial. This includes extractions and a mask or peel.

45 min - \$90

### **Dermaplanning**

A technique for removal of unwanted hair with the use of a medical grade blade. This is a safe and painless way to remove hair and dead skin cells.
